Dear NCSLMA Members and Friends,

Welcome to our 2014 Annual Conference! This is an exciting time to be a school library media coordinator. Our core mission is still as strong as ever: supporting instruction, fostering literacy and the love of reading and providing access and guidance in the effective use of information. At the same time, technology is rapidly changing the tools, methods and materials available to us, as well as the needs of our students, staff, parents and communities. Our theme this year focuses on adapting and expanding our role and services in this ever changing environment of 1:1, BYOD, ebooks, Makerspaces, Learning Commons, virtual learning, social networking, new learning and professional standards . . . . and the list continues to grow!

Extreme Makeover: Evolving Library Edition is all about keeping you at the forefront and on the cutting edge of what is happening in the education and library realms. Whether you are looking to refresh your lesson plans, spruce up or reorganize your physical space, build a virtual learning environment, create a maker space, plug into a personal learning network, learn about new release books, add on to your collection with ebooks, or redesign your services for digital natives, we have sessions for you! All three of our keynote speakers are school librarians with a passion for our profession who will be sharing their own evolving library stories. As always, we have plenty of outstanding authors for you meet.

It has been an honor serving as President-Elect and Conference Chair this year. We have a fabulous executive board that is committed to advocating, sharing, and leading us into a “brave new school library world.” Your membership is valued, and we hope that this organization provides collegial support as well as opportunities to grow professionally. In an effort to assist you in networking with one another, we have included NCSLMA regions on your name tags. So don’t look past those name tags this year; use them to refresh your connections! If you have questions or need help, be on the lookout for the blue aprons and blue name tags our board members will be wearing or the violet name tags our of volunteers.

Now that you’ve made it through the busy first few weeks of school, take this time to learn, encourage, and grow with one another. I’m hoping you’ll take back a renewed and re-energized outlook and the tools you need to build the best school library program you can.

Enjoy your Extreme Makeover experience!

Joanna Gerakios
NCSLMA President-Elect and Conference Chair

Edmodo is a free social learning platform with a global community of over 20 million educators and students. Edmodo provides an easy way to collaborate and share content in a safe environment. NCSLMA has its own Edmodo group where attendees can connect and communicate before, during, and after the conference. Each concurrent session also has an Edmodo group, in which you can access presentation materials and discuss ideas shared during the session.

Join the “NCSLMA Annual Conference” group on Edmodo

1. If you do not already have one, go to www.edmodo.com and select “I’m a Teacher” to create a free account.
2. Complete your profile information.
3. In the “Groups” section on the left side of the homepage, click “+” and then select “Join.”
4. Enter the six-digit group code on page 50 of this program in the “Join” field. Now you can join NCSLMA Conference concurrent session groups on Edmodo.
   - On pages 50 - 53 of this program, locate the six-digit group codes for the sessions you want to join.
   - Follow the same steps you took to join the conference group.
   - Due to security issues, the Edmodo codes are not listed in the electronic version of this program. You may refer to the email sent to all attendees for the Conference Code and within our group, the 2014 Concurrent Session List contains all the session codes.

With so many great sessions to choose from, don’t miss out on the ones you can’t attend – join as many groups as you like!

Helpful Hint: During the conference, go to your Account Settings and disable notifications so you don’t receive an email every time someone posts to a group you’ve joined. After the conference, turn the notifications back on so you can stay connected and keep the conversation going.

NCSLMA Pre-Conference Session Descriptions
Thursday, October 9, 2014

Emerging Leaders’ Session - 9:00 am - 4:00 pm - Terrace 2
Emerging Leaders Pre-conference with Jennifer LaGarde
(Lunch: 12 - 1:00 pm)

Session A - 9:00 am - 12:00 pm - Gaines 1
Beyond Dewey: Using Genre to Showcase Your Collection
No matter where you are on the ditching Dewey debate, this session will help you explore collection organization options for showcasing and marketing your titles to students. Bring your collection analysis and layout of your library to dive into the possibilities. This session will be repeated in the afternoon.
Tamara Cox, the Eliterate Librarian, is a self-proclaimed "wannabe edtech geek" and middle school librarian in South Carolina. She can often be found with a computer in her lap and a book in her hand. Twitter handle: @coxtl

Session B - 9:00 am - 12:00 pm - Gaines 2
The Awesome Global Library Race: Keys to the World
Ready to open your school library to the world? Join us for adventure as we examine resources and ideas that will open up the world to your students. Participants should bring a device and be ready to "travel" with us as we race to explore global awareness.
Jennifer Northrup is a former middle school media coordinator from Henderson County and now works as the Region 8 Digital Teaching and Learning Consultant for the NC DPI.
Twitter handle: @candidlibrarian
Donna Murray is a former instructional technology facilitator and currently works as the Region 7 Digital Teaching and Learning Consultant for the NC DPI.

Session C - 9:00 am - 12:00 pm - Ardmore 1
Media Specialist and Teacher Collaboration: Supporting Student Learning
How do you overcome challenges to collaboration between teachers and media specialists? What are the characteristics of effective collaboration? In this session we invite media specialists and one of your classroom teachers to explore strategies to provide a variety of resources needed to teach the Common Core and Essential Standards. We will provide models of how to use differentiation and classroom technologies to show how teachers and media specialists can work together to create enhanced lessons for the classroom. Please bring a unit plan, example of resources that students will use, and a laptop or iPad.
Jewel Davis is the Education Librarian at Appalachian State University. She began her career as a high school English teacher after receiving a Master of Arts in Teaching and a BA in English from UNC-Chapel Hill. After receiving her MLIS from UNC-Greensboro, she began working in Belk Library’s Instructional Materials Center where she teaches pre-service teachers and collaborates with Education faculty members. Co-presenting will Asst. Professor Margaret Gregor and Carol Deal who is with the Dept. of Reading and Special Education.

Session D - 9:00 am - 12:00 pm - Terrace 3
Collecting and Sharing Data to Demonstrate Student Achievement
This session focuses on how school library media coordinators can collect and share data to demonstrate student achievement. In this session, participants will explore a variety of ways to share library data with stakeholders, evaluate examples of school library annual reports, identify data needed for effective annual reports, and connect data collection and sharing to SLMC’s evaluation instrument. This is an interactive session, so participants need to BYOD.
Kathy Parker is a Raleigh native who graduated with English and history degrees from North Carolina State University and earned ESL certification and an MLIS from the University of North Carolina at Greensboro. She began her career in education 18 years ago as a high school English teacher then transitioned to school library media. She earned National Board certification in 2008. Kathy is currently the School Library Media Consultant at NC DPI.

Session E - 9:00 am - 12:00 pm - Terrace 1

**Fresh Paint for Evolving Secondary Librarians**

A panel of middle and high school librarians will share their "best practices" and most useful resources that have helped them evolve into effective instructional leaders in their schools. Time will be spent discussing key journal articles and sharing practices among workshop participants. Ideas highlighted will be connected to the MCPAI as possible evidences for evaluations. Bring YOUR best practices and resources as well! You will return to your school armed with some "fresh paint" to begin your own extreme makeover!

**Jackie Pierson** is the Director of Library Media Services for the Winston-Salem Forsyth County Public School system. She has served on the NCSLMA Executive Board since its creation in a variety of roles including conference chair, President, and currently as Coordinator of NCSLMA Book Programs. She was awarded the 2013 Frances Bryant Bradburn Distinguished Service Award at last year's NCSLMA conference. Co-presenting with Jackie will be several school librarians from the WSFCS system.

Lunch - 12:00 pm - 1:00 pm - The Garden Terrace in the Embassy Suites

Session F - 1:00 pm - 4:00 pm - Gaines 1

**Beyond Dewey: Using Genre to Showcase Your Collection**

No matter where you are on the ditching Dewey debate, this session will help you explore collection organization options for showcasing and marketing your titles to students. Bring your collection analysis and layout of your library to dive into the possibilities. This session is a repeat of the morning session with the same title.

**Tamara Cox**, the *Eliterate Librarian*, is a self-proclaimed "wannabe edtech geek" and middle school librarian in South Carolina. She can often be found with a computer in her lap and a book in her hand.

Twitter handle: @coxtl

Session G - 1:00 pm - 4:00 pm - Ardmore 1

**Primary Sources in Your Library**

Primary sources are the raw materials of history — original documents and objects created at the time under study. Used effectively, primary sources can be powerful tools to help students engage, build critical thinking skills, and construct knowledge. This workshop combines hands-on activities and access to online materials to help you make over your library instruction. Whether you work independently or collaborate extensively with teachers in your school, we'll share proven strategies for using primary sources in your library across the curriculum. This pre-conference session is supported by a grant from the Library of Congress.

**AnneMarie Walter** is the assistant director of the Teaching with Primary Sources program at Mars Hill University. With a background in professional development and instructional technology, she has been involved in all aspects of the program, developing and implementing Summer Institutes, in-school and online workshops. She received her M.S. in Instructional Technology from East Carolina University in 2007, and serves on the TPS national advisory board. She particularly enjoys collaborating with school librarians: “They see every student, teach every grade, and understand how the content areas connect.” Co-presenting will be TPS coaches and school librarians Caryn Levy and Vicki Kolomechuk, both from Buncombe County Schools.

Session H - 1:00 pm - 4:00 pm - Gaines 2

**Collection Analysis: Understanding & Improving your Collection**

Does your collection support your student needs? Your curriculum? Join us as we evaluate your collection based on data from your automation system, qualitative data from students, and curriculum alignment. We will discuss the types of data available to evaluate your collection and other data that you can collect as you analyze your collection. You will leave this workshop with a plan for collection analysis and a template for creating a budget to present to your principal. Participants will need to bring their own device and collection data.

**Sandra Andrews** is currently the Director of Instructional Technology and Media Services for Lincoln County Schools. Sandra has worked as a school librarian, a district media supervisor, and a district administrator for technology services in North Carolina. Sandra was on the LIS Faculty at UNC-Greensboro from 2005-2013. She is active in ALA and AASL having chaired and served on a variety of committees including the AASL Affiliate Assembly, the ALA Committee on Professional Ethics, the AASL Intellectual Freedom Committee, Collaborative Awards Committee and the AASL Taskforce on Quantitative Standards. She presents widely on standards, collection development, the use of data and literacy issues. Sandra is married with one lovely daughter and two extraordinary grandchildren. She loves to read (of course), hike, cook, and do yoga.
Session I - 1:00 pm - 4:00 pm - Terrace 3

Demystifying the Arduino Microprocessor

Participants will overcome their fear of microprocessors while using a provided Arduino Uno to MAKE a variety of simple, interactive, and coded machines. We will use John Boxall's "Ardunio Workshop: A Hands-On Introduction with 65 Projects" as a reference and guide book for this session. All materials are provided - bring only your maker spirit.

John Draughon and Stuart Annand are Media Coordinators at Enka High School in Candler, North Carolina. They enjoy original cataloging, rules, and inventory. Oh wait. They actually enjoy loud rooms, half-baked projects, and collaboration.

Session J - 1:00 pm - 4:00 pm - Terrace 1

Fresh Paint for Evolving Elementary Librarians: Best Practices

A panel of elementary school librarians will share their "best practices" and most useful resources that have helped them evolve into effective instructional leaders in their schools. Time will be spent discussing key journal articles and sharing practices among workshop participants. Ideas highlighted will be connected to the MCPAI as possible evidences for evaluations. Bring YOUR best practices and resources as well! You will return to your school armed with some "fresh paint" to begin your own extreme makeover!

Jackie Pierson is the Director of Library Media Services for the Winston-Salem Forsyth County Public School system. She has served on the NCSLMA Executive Board since its creation in a variety of roles including conference chair, President, and currently as Coordinator of NCSLMA Book Programs. She was awarded the 2013 Frances Bryant Bradburn Distinguished Service Award at last year's NCSLMA conference. Co-presenting with Jackie will be several school librarians from the WSFCS system.

NCSLMA Awards, Grants and Scholarships

Francis Bryant Bradburn Distinguished Service Award

This award is presented annually to recognize an individual or organization for contributions to NCSLMA and/or school library media programs throughout the
state of North Carolina. A gift and plaque from NCSLMA is presented to the honoree. The recipient also receives a lifetime membership to NCSLMA. This year’s Distinguished Service Award is presented to Karen Gavigan. She is a charter member of NCSLMA and has been a tireless supporter of the association. Over the years, she has served in nearly every capacity, and has represented NCSLMA at AASL as well. Karen’s sense of humor, thorough understanding of the school library field, passion for school library issues, and her strong dedication to the profession have made her a figure of national prominence.

Media Coordinator of the Year

The Media Coordinator of the Year Award (sponsored by Follett) is presented to a media coordinator, or team of media coordinators at one school, in recognition of outstanding performance in a school library media center. This year, NCSLMA is recognizing four regional finalists. Perma-bound and Mackin are donating certificates to the regional media coordinators. The state-wide winner will be announced at the All-Conference Opening Session on Friday.

Coastal Region

Ellen Bryson, Kitty Hawk Elementary School, Dare County Schools

Piedmont East Region

Pamela Sands, New Century International Middle School, Cumberland County Schools

Piedmont West Region

Ruth Wilcox, Paisley IB Magnet School, Winston-Salem/Forsyth County Schools

Mountain Region

Tonya Fletcher, Franklin Elementary School, Surry County Schools
Scholarship Winners ($1000.00 each)

Two scholarships are presented annually to increase the number and quality of school library media personnel in North Carolina. The scholarship will be used to assist in the cost of having successfully completed one three-hour graduate course leading to a graduate degree in library science and a North Carolina 076 Media Coordinator certification. This year’s scholarships are presented to:

- **Angie Mitchell** - UNC-Greensboro - Level Cross Elementary
- **Sherri Lehde** - East Carolina University - US Base, Turkey

Read2Succeed Winners

NCSLMA Read2Succeed grants are available to K-12 NCSLMA member media coordinators (certified or provisional) in public or private schools, in partnership with classroom teachers, for innovative projects that foster the integration of media / information skills into the K-12 curriculum. The focus is on individual media coordinators and teachers rather than on district-wide projects.

This year’s grants are awarded to:

- **Guys Read ($1000)**
  Kimmel Farm Elementary; Winston Salem, NC
  Project Manager: Walter Carmichael
  Project Staff: various faculty members

- **Graphically Speaking ($1000)**

Beyond Barcodes: Automate, Automate! Friday, 10:00 - 10:50 am
Throw out that paper calendar! Provide your administration with accurate stats on how your media center is being used and how you have collaborated with teachers. Automate your and your media assistant's task lists and have a record of your completed projects. Automate your sign and sign out process for students and keep stats on their independent usage. No software purchase required. Handouts, video tutorials, and templates will be made available in Edmodo. The session will provide an overview of all the possibilities and a testimonial to the benefits of automation. Laptops and ipads will be helpful but not absolutely necessary.

Cybrary Makeover Reveal Friday, 10:00 - 10:50 am
Be part of a "Reveal." Participants will check out a "cybrary" makeover and uncover the functionally enhanced features of a media center web page. Copy materials, links, and ideas. Contribute tips to help continually renovate designs so we educators can offer inviting and engaging media center and classroom web pages that meet the growing needs of our virtual visitors. http://oakwood.hickoryschools.net/media_center
It would be helpful – but not essential - for participants to bring a laptop to the session. Intention is to focus on areas of the web page determined by participants' interest.

Bueller? Bueller? How I felt after Going 1:1  
Friday, 10:00 - 10:50 am
1:1 laptop adoption has been one of the best things for my school and one of the worst things for my media center. The school philosophy became--need to do research? Everything's online. Need to find a book? They're all online. So, what did I do about my missing students and teachers? As Ferris said, The question isn't "what are we going to do," the question is "what aren't we going to do?"

Meet the Author: Louise Hawes - Fairy Tales Have Grown Up!  
Friday, 10:00 - 10:50 am
Long ago and far away, Louise Hawes got tired of Disney's spunky, sanitized princesses and of the way the fierce old tales have been watered down. Now she's brought the old tales back, and they're all grown up! Black Pearls brings you the stories of your childhood, told in a way you've never heard before. Make no mistake; these stories are as dark as human nature itself. But they shine, too, lit with our dreams and our hunger for magic.

I Mustache You to Share these Great Books!
Many middle school students still do not know what they like to read. If we are excited about a book, sharing this will get students excited about a book! I will 'book-talk' some of my favorite middle school titles - including some of the newer books. If I can model book talks for other media coordinators, they can go back to their schools and book talk books to their students. Book talk suggestions will be provided.

Meet the Authors: Five Author Panel--A Place of One's Own: Setting Fiction in the Real World  
Saturday, 10:00 - 10:50 am
A panel of six award-winning authors will discuss the importance of place - current and historical - when creating reality-based fictional worlds for children and young adults. Among other awards, Clay Carmichael’s books have achieved an ALA Notable, an NCTE Notable, and an NC Juvenile Literature Award. Frances O’Roark Dowell has collected an ALA Notable, an NCTE Notable, and an Edgar Award amongst her many accolades. Eileen Heyes’s first mystery was an Edgar Award finalist. Her nonfiction books have been honored by the Society of School Librarians International and the New York Public Library. Frances M. Wood won an NC Arts Council Award for her first book; her second was chosen as the best California children’s book of the year by the Los Angeles Public Library; her third is a nominee for New Mexico’s 2014 Land of Enchantment Book Award. The moderator, Jaqueline K. Ogburn, a many-time award-winning author herself, is the author of ten books set everywhere in this world and beyond.

Love Your Library: Inspire Lifelong Users

Saturday, 10:00 - 10:50 am

For K-5th grade media specialists, many of us scramble to find dynamic library lessons that will excite kids yet still teach them how to be independent library users. I will demonstrate adaptable lessons for K-5th graders based on the spiral concept. Each year builds on the previous year. Ideas for finding oodles of sources to incorporate into library pacing guides that can easily compliment or team teach along with classroom teachers. Multiple activities will be paired with particular themes so whether you teach a 15 minute lesson or a 40 minute lesson, you will have plenty of resources to choose from. This workshop is geared to beginning elementary media specialists or practicing elementary media specialists that are seeking new ideas for library lessons.

### Shift into High Gear Invisible and Ubiquitous  
**Saturday, 11:00 - 11:50 am**
Technology will continue to rapidly progress so instead of using today’s favorite technology tool to improve current traditional methods, technology should be an influencing agent leading to entirely new classroom approaches. Let’s shift into high gear and finally embrace technology as a ubiquitous and invisible enabler of teaching and learning.

Wiki resources, presentation with discussion.

Extreme Makeover Library Edition  Saturday, 11:00 - 11:50 am
Space affects learning. In the last year the NCSSM library was transformed from a static 1980s academic library to a dynamic, learner-centered collaboratory. Workspaces are now in modular clusters with movable furniture, there are break-out areas for small and large group work, and quiet zones for students who need them. Students now access, manage and communicate knowledge in a technology-rich and supportive environment.

Meet the Author: Nathan Kotecki - The Write Space, An Author’s Ideas for Embracing the New Literacy in School Libraries  Saturday, 11:00 - 11:50 pm
The new literacy includes reading, research (both physical and online), writing, and complementary forms of communication like data arrays and graphics. Writing includes nonfiction (research, analysis, criticism, memoir), fiction (story, novel, hybrid forms), and poetry – created on physical and virtual platforms. Dynamic, vital library spaces foster all of these pursuits. Come hear an author’s vision of school libraries as places for students to write – both on paper and on computers.
